## GCSE Results 2025

This year's results are superb and are testament to the outstanding resilience of our students, given the challenges they have faced.

They have sustained the outstanding progress made by students at UWS in post and pre Covid achieving a progress 8 score of +0.60 in 2024.

Our outcomes are the highest in terms of percentage of grades at 4 and above.

We are delighted that as a result of this success, all of our students have been able to move onto their destination of choice.

Importantly in 2025, 82% students gained at least standard passes (Grade 4 or higher) in English and Mathematics, with 62% achieving at least strong passes (Grade 4 or higher) in English and Mathematics.

# GCSE Results 2025

As a non-selective state school in a selective area we welcome students of all abilities, interests, skills and aptitudes to our school.

We are unrelentingly ambitious for all of our students.

UWS students consistently exceed their own, very challenging targets.

They out-perform students nationally in many measures. We are extremely proud that our progress measures place us amongst the very best nationally.

We believe that by knowing our students as individuals, supporting and extending all students, having outstanding specialist staff and an inclusive, caring ethos we are able to truly deliver "excellence for all."
